Appln. No. : 10/613,174

REMARKS

Applicant respectfully requests that the application be amended prior to issuance as above described.

This amendment is filed after the mailing of the Notice of Allowanced dated March 29, 2004, and is responsive to the Notice of Drawing Inconsistency with Specification mailed on May 18, 2004.

In the Notice of Drawing Inconsistency with Specification, an inconsistency is noted in that FIG. 6 is contained in the drawings, but not listed in the Brief Description of the Specification. Applicant has amended the specification to include a brief description of FIG. 6, thereby rendering the Drawing Inconsistency moot.

Applicant requests that that Amendment After Allowance be entered, and that the application proceed to grant.

If the Examiner has any questions regarding the description of FIG. 6, the Examiner is encouraged to contact Applicant's undersigned attorney to discuss the same.

Respectfully submitted,

THURMAN R. REED
